BOARD POLICY 5805.01
Cambridge City Schools Student-Athlete Policy

To insure consistency in our teams and in all sports and in accordance with the current Cambridge City Schools Student Handbook, the following rules have been established by the Board of Education for all student-athletes at all times. The coach for your particular sport may have rules in addition to these, which he/she wishes you to follow, but these rules apply to all student-athletes at **all** times. Additional suspension from games may occur at the discretion of the athletic director only. This policy is in effect year around. Violations in the substance abuse section are cumulative for the junior high/middle school career and, again, for the four-year high school career. Junior high/middle school athletic career is defined as 1st day of 7th grade practice and last day of 8th grade. The high school athletic career is defined as the 1st day after the last day of eighth grade. Violations not covered in the substance abuse section will be dealt with on a “per year” basis

I. VIOLATIONS LEADING TO DENIAL OF THE RIGHT TO PARTICIPATE ARE AS FOLLOWS:

Alcohol, tobacco including vaping and e-cigarettes, and illegal and inappropriately used drugs harm an athlete’s most valuable assets-mind and body. Not only do these violations hurt athletes personally, but they also have a very important influence on those younger athletes who may be modeling themselves after your style of play and conduct, both at and away from school. The possession, distribution, concealment, use or consumption of alcoholic beverages, tobacco products including vaping and e-cigarettes, and/or illegal and inappropriately used drugs will result in:

First Offense: The student athlete will be denied the right to participate in his/her scheduled contests as follows:

1st offense for tobacco should be one game/contest

1st offense for alcohol and marijuana should be up to ¼ of the season

1st offense for narcotics (other drugs of abuse) should be one season

Second Offense: The student athlete will be denied the right to participate in that teams regularly scheduled contests as follows:

2nd offense for tobacco should be ¼ of the season and counseling

2nd offense for alcohol/marijuana should be ½ of the season and counseling.

Third Offense: The student athlete will be denied the right to participate in that teams regularly scheduled contests as follows:

3rd offense for tobacco should be 1/2 season of competition, further counseling and mandatory meeting with AD prior to reinstatement

3rd offense for alcohol/marijuana should be a complete season of competition, further counseling and a mandatory meeting with AD prior to reinstatement

II. BEHAVIOR PROBLEMS AT SCHOOLS

Good school citizenship is essential to being a good student/athlete. Behavior problems include any conduct which violates the student code of conduct as defined in the student handbook.

School behavior problems, punishable by Saturday school, suspension, or expulsion as set forth in the student handbook will lead to the athlete being denied the right to participate in athletic activities for a time to be determined by using the chart below.

Student-athletes who violate the Board of Education athletic policy, or the rules and regulations established by the coach may be denied the privilege of participation or practice and may be assigned extra duties by the coach.

V. ATTENDANCE

Attendance in regularly scheduled classroom at least half of the school day in order to be able to participate in any athletic activity that day. Exceptions will be made for physician's appointments, funerals, and any extenuating circumstances as approved by the building principal. This provision is not appealable. Regular season includes regularly scheduled contests and post season play but does not include scrimmages, previews, open gyms, etc.

2. The coaches, faculty, advisors, administration, and the Board of Education are in no way liable for injuries that may occur to an athlete during participation in or travel to and from an athletic contest. Parents are here informed that their son/daughter is subject to inherent risk of injury by participation in athletic events (i.e. paralysis even death).
3. Athletes, cheerleaders, managers, trainers, etc. may sign out and ride home from away athletic contests only with their own parent or guardian. The parent or guardian MUST fill out a "SIGN OUT LIST" provided by the coaching staff immediately following the away event. At NO time can athletes, cheerleaders, managers, or trainers ride home with anyone other than their own parents. Special circumstances must be brought in writing to the attention of the coach and athletic director before the event. Upon signing out your child, the coaches and school district assume no further responsibility for your child getting home. Any parent or guardian taking their child without signing them out or not following sign out policy procedures will lose their privileges of being able to sign out their athlete.

X. EXIGENT CIRCUMSTANCES

The District reserves the right to lengthen an athletic suspension, or to impose a suspension in circumstances not addressed by this Policy, such as where a student's conduct is egregious, malicious, reckless, or repeated, or where the consequences of the student's conduct are severe.

Head Coaches, in consultation with the Athletic Director, have the right to impose additional, team discipline for violations of this policy and/or established team guidelines.

THIS POLICY WILL BE A "YEAR ROUND" POLICY AND IN EFFECT AT ALL TIMES.

MEDICAL INSURANCE

It is the policy of the Cambridge City School District that the parents are responsible for any coverage of insurance for a student involved in interscholastic athletes. With this in mind the school district provides the opportunity for the student to purchase school insurance. We realize that some parents already carry insurance that would cover athlete's injuries and do not need the insurance made available by the school district.

Before practice begins at Cambridge High School or Cambridge Jr. High/Middle School we need the proper statement below checked, signed, and returned. This must be completed before participation occurs.

I understand the coaches; faculty, advisors, administration, and the Board of Education are in no way liable for injuries that may occur to an athlete during participation in or travel to and from an athletic contest. Parents are here informed that their son/daughter is subject to inherent risk of injury by participation in athletic events (i.e. paralysis, even death).

IF YOUR MEDICAL INSURANCE SITUATION CHANGES, PLEASE CONTACT THE ATHLETIC DIRECTOR TO ASSIST YOU. PARTICIPANTS MUST HAVE MEDICAL INSURANCE COVERAGE.
