Identify Critical Needs

Briefly describe the process used to identify the critical needs associated with the Wellness and Success initiative.

We have utilized a plan of action from our teacher-based leadership teams. Building leadership teams and the District leadership team. These groups working collaboratively along with our Education Service Center and State Support Team have created goals to ensure students success. Areas funded through both DPIA and Student Health and Wellness will promote reaching the identified goals.

Plan for Implementation

	Student Wellness & Success Initiative	Description of Initiative	Desired Outcome(s) of Initiative	Allocation Amount
	Mental Health Services	Providing mental health services through internal and external agencies to promote healthy students. Psychology Services	Increase in services will ultimately decrease mental health needs of students allowing for academic growth	TBD
	Academic Support/ Dropout and Prevention Services	School Counseling services ELL Services Academic Support	Increase in wrap around services to assist with improving student success.	TBD
	Safety and Placements	School Resource Officers Court/Parent/IEP placement services	Provide school resource officers through the Cambridge Police Department. Provide funding for students placed in other educational environments.	TBD
	Community Liaison	Career Navigator	Partnership with ECOESC to provide career counselling services for High Schools Students	TBD
	Physical Health	Physical Therapy Occupational Therapy	Provide different types of physical health services for	TBD

	Care Systems	Nurse Services Athletic Training	students. Primarily focused on IEP driven needs.
